available to print on all three sides of the pencil.

*templates available on request.

finish and tip

Carbon Neutrality

Castelli are proud to share that we are not only carbon neutral, but **'carbon positive'**.

Castelli **generated 75.69 tonnes** and **offset 76 tonnes** for the year ending 31st Dec 2024, so we are carbon neutral, even 'carbon positive' where we offset a bit more than we generated.

Carbon Capture

The Carbon Capture[®] programme gives Castelli and our customers the opportunity to mitigate carbon and demonstrate their sustainable development goals.

With our positive paper purchasing and the involvement of the CarbonCapture[®] Programme, Castelli Milano 1938 Ltd fully supports the Woodland Trust's strategy to establish 60,000 ha of native woodland across the UK by 2030.

The new woodland created provides habitats for wildlife and green spaces for all to enjoy. Being part of the Carbon Capture[®] programme demonstrates our shared values of a responsible approach to the environment.

Castelli have helped raise over **£2.062m**
to
date for the **Woodland Trust**, funding more
than **530,828 trees** with potential
to capture **122,792 tonnes**
